### DETAILED ACTION

This Office action is in response to the amendment filed on 7/3/06. In this amendment, claims 1, 6 have been amended; claims 2, 9, 11, 14, 18 have been canceled and claim 20 has been added. Overall, claims 1, 3-8, 10, 12, 13, 15-17, 19, 20 are pending in this application.

### *Claim Rejections - 35 USC § 102*

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

***Claim 20 is rejected under 35 U.S.C. 102(e) as being anticipated by Tashiro et al. (US Patent 6,901,747).***

Tashiro discloses a system for assisting regeneration of a storage/release NOx trap integrated into an exhaust system of a motor vehicle diesel engine, which includes means for injecting fuel into the cylinders of the engine in the form of at least pilot and main injections and means for controlling the injection means to switch the engine periodically from a standard mode of operation using a lean mixture with one pilot injection and one main injection (see col. 11, lines 19-23), in which NOx are stored in the trap, to a regeneration mode of operation using a rich mixture, with at least two main injections depending on the engine load, in which NOx are released from the trap and the trap is regenerated (see Figure 1, col. 11, lines 24-31, col. 17, lines 36-40, col. 19, lines 55-64).

*Allowable Subject Matter*

Claims 1, 3-8, 10, 12-13, 15-17, 19 are allowed.

*Response to Arguments*

Applicant's arguments filed on 7/3/06 have been fully considered but they are moot in view of the new ground(s) of rejection.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
